

We're **PROUD** to be part of Sign for Change

Helping students learn NZSL and celebrate Deaf culture

This August, our school is taking part in Sign for Change – learning 30 NZSL signs in 30 days using short videos signed by a Deaf translator.

Through Sign for Change, we are helping students to:

- learn everyday NZSL signs in a fun way
- bring NZSL into everyday routines
- value accessible communication
- celebrate one of Aotearoa's official languages
- practise inclusion in everyday life
- understand that people communicate in different ways

Supporting this initiative:

- Ask your child to show you the sign learned today
- Practice it together
- Try including it in your routine at home

You can support Sign for Change by making an optional donation. Funds raised will help the Deaf and Hard of Hearing Foundation continue their work in advocacy, education, awareness and grow community programmes that support Deaf and hard of hearing Kiwis.
